We are members of a community of IB World schools that offers the Middle Years Programme (MYP) education. Our teaching and learning framework is aligned with the International Baccalaureate (IB) standards which focuses on teaching students important character traits called the IB Learner Profile through the lenses of Global Contexts. Our students are taught the importance of community service and must complete a culminating IB Service Project in the eighth grade.

The MYP-IB Global Contexts are:

I am honest in all that I do because I believe in fairness and justice. I respect the rights and beliefs of others and I take responsibility for my own actions. I take steps to avoid plagiarism (daiming that someone cademic dishonesty (such as allowing another student to copy my work).

In middle school, students in the 6th grade take social studies and an advanced world language course. In 7th and 8th grades, students take two courses, which are an advanced world language course and a culture course.

and the loss of the second
